CRYSTAL INSTRUMENTS CORPORATION
SOFTWARE LICENSE AGREEMENT

THIS SOFTWARE LICENSE AGREEMENT ("*AGREEMENT*") IS A LEGALLY BINDING CONTRACT BETWEEN CRYSTAL INSTRUMENTS CORPORATION ("*CRYSTAL INSTRUMENTS*") AND YOU ("*LICENSEE*"). IF YOU ARE ACCESSING OR USING THE SOFTWARE ON BEHALF OF A CORPORATION OR OTHER ENTITY, THEN REFERENCES TO LICENSEE IN THIS AGREEMENT REFER TO THAT ENTITY. PLEASE READ THIS AGREEMENT CAREFULLY. BY DOWNLOADING, INSTALLING, OR OTHERWISE USING THE CRYSTAL INSTRUMENTS SOFTWARE, LICENSEE ACCEPTS AND AGREES TO BE BOUND BY THIS AGREEMENT. IF LICENSEE DOES NOT AGREE TO ALL OF THE TERMS OF THIS AGREEMENT, LICENSEE IS NOT AUTHORIZED TO USE THE SOFTWARE.

1.   Software. This Agreement applies to Crystal Instruments software (the "*Software*") which may include but may not be limited to EDM (Engineering Data Management) software, PA (Post Analyzer), EDM Cloud, CI Store, EDC (Embedded Device Control), and software that is embedded or installed in Crystal Instruments CoCo and Spider series hardware, as any such software may be updated, upgraded or modified from time to time by Crystal Instruments.

2.   License Grant. Subject to the terms and conditions of this Agreement, Crystal Instruments grants to Licensee a perpetual, non-exclusive, non-transferable license to access, download, install, and use the executable version of the Software for which Licensee has purchased a license, solely for Licensee's own internal use, solely with the Crystal Instruments hardware for which it is intended ("*Products*"), and solely in accordance with the documentation and user manuals provided by Crystal Instruments relating to the hardware or Software ("*Documentation*"). Notwithstanding the above, if Licensee's order indicates that the Software license is for a limited term rather than perpetual (*e.g.*, for Software provided for demonstration, evaluation or other similar purposes), then the license shall terminate at the end of the stated term and Licensee acknowledges that the license key provided to Licensee to enable use of the Software may cease to allow use of the Software after expiration of such term.

3.   Restrictions. Licensee agrees not to directly or indirectly do any of the following, or direct or allow anyone else to do any of the following:

> (a) disassemble, reverse compile or reverse engineer any part of the Software, attempt to create the source code from the object code for the Software, or otherwise attempt to discover any underlying ideas or algorithms used by the Software, except to the extent that such activities cannot be prohibited by applicable law;

> (b) copy the Software except as a necessary step in the authorized use of the Software, and except for back-up copies of the Software to the extent that applicable law expressly requires be permitted;

> (c) copy the Documentation except as reasonably necessary for proper use of the Software;

> (d) modify, or prepare derivative works based on the Software or Documentation;

> (e) rent, lease, distribute, publish, host, disclose, or otherwise commercially exploit the Software or Documentation, or make the Software or Documentation available to any third party;

(f) remove, alter, or obscure any product identification, copyright, trademark, or other intellectual property notices included in the Software or Documentation, or attempt to break, change or delete any security codes or license keys associated with the Software;

(g) exceed the number of users specified in Licensee's order for the Software, if the number of users or seats is limited.

4.   Ownership. Licensee acknowledges and agrees that the Software and Documentation are licensed, and not sold, to Licensee. Crystal Instruments and its licensors retain the entire right, title and interest in and to the Software and Documentation and all intellectual property or proprietary rights thereto, including but not limited to all worldwide rights under patent, copyright, trademark and trade secret laws. Licensee does not acquire any ownership interest in the Software or Documentation, or any other rights thereto other than the license rights expressly granted in this Agreement. Any rights not expressly granted by Crystal Instruments in this Agreement are reserved by Crystal Instruments. Licensee acknowledge that the Software and Documentation are confidential information of Crystal Instruments and Licensee agrees to inform its users of the restrictions to which Licensee is subject pursuant to this Agreement.

5.   Software Support.

(a) Error correction services and the provision of updates relating to the Software, as described in this Section (collectively, "*Support*") is included for the first twelve (12) months after Licensee first accesses the Software, without charge beyond the license fee for the Software. Thereafter, Licensee may purchase Support, for an additional twelve (12) months at a time, by paying the Support renewal fee in effect at the time of the renewal. If Support for Licensee lapses, and Licensee wishes to reinstate Support, Licensee must pay the Support renewal fee then in effect plus all Support renewal fees that would have been paid for the period during which Support had lapsed.

(b) For the period during which Support is in effect for Licensee, if Licensee notifies Crystal Instruments of a material defect in the Software that prevents the Software from performing a material function described for the Software in the applicable Documentation (a "*Defect*"), Crystal Instruments will, at its discretion, without charge: (a) deliver a new version of the Software in which the Defect is corrected, or (b) deliver a patch to correct the Defect, or (c) provide Licensee with instructions for procedures or methods (workarounds) which result in the Defect not having a significant effect on Licensee's use of the Software. If Crystal Instruments fails to do any of the above within 30 days of Licensee's notice (or such longer period of time as is reasonably necessary given the nature of the Defect), then as Licensee's sole remedies, Licensee may (i) terminate Support upon notice to Crystal Instruments, in which event Crystal Instruments will refund to Licensee a pro-rated portion of the Support fee paid by Licensee for the then-current 12-month Support period, based on the number of days in the Support period elapsed and remaining as of the date of Licensee's notice, and (ii) if Licensee's notice of the Defect was given during the first twelve (12) months after Licensee first accessed the Software, then Licensee may terminate this Agreement upon notice to Crystal Instruments at any time before Crystal Instruments corrects the Defect, in which event Crystal Instruments will also refund to Licensee a pro-rated portion of the Software license fee paid by Licensee, pro-rated over such first twelve (12) month period, based on the number of days in such period elapsed and remaining as of the date of Licensee's notice, provided that Licensee returns to Crystal Instruments all of Licensee's versions and copies of the Software, and all Documentation. This paragraph states the sole obligations of Crystal Instruments, and the sole remedies of Licensee, for Defects in the Software or Crystal Instruments' failure to correct Defects.

(c) For the period during which Support is in effect for Licensee, Crystal Instruments will provide Licensee, free of additional charge, with any updates to the Software that Crystal Instruments makes generally available to its customers, to correct errors or improve performance of the Software ("*Updates*"). Notwithstanding the above, Crystal Instruments may charge an additional license fee for any optional upgrades Crystal Instruments may release that include significant new functionality and which Crystal Instruments does not make available without charge to its customers generally ("*Upgrades*"). Licensee acknowledges that if Licensee elects not to renew Support, the license key provided to Licensee to enable use of the Software, or other technical means employed by Crystal Instruments, may thereafter cease to allow installation and use of further Updates or Upgrades.

6.   Third-Party Software. The Software includes certain third-party software, which Crystal Instruments has the right to distribute and license to Licensee. The third-party software may include software that is subject to certain open source licenses ("*Open Source Software*"). The Open Source Software components are licensed to Licensee by the owners of the rights to the Open Source Software, pursuant to license agreements separate from this Agreement. A list of the Open Source Software incorporated in the Software, and the licenses that apply to the Open Source Software, is available to users of the Products upon request. The license agreements relating to the Open Source Software are incorporated by reference in this Agreement and, by using the Software, Licensee is accepting such license agreements. Crystal Instruments shall have no liability of any nature relating to software or content of third parties that may be included in the Software.

7.   Selection of Software. Licensee is responsible for selecting the Software package that is appropriate for Licensee's intended use. Any advice or assistance provided by Crystal Instruments in connection with Licensee's selection of Software is based upon information provided by Licensee, which is necessarily incomplete. Crystal Instruments gives no warranty that the Software selected by Licensee will meet Licensee's requirements or be compatible with Licensee's other hardware, software or systems.

8.   Consent to Use of Data. Licensee agrees that Crystal Instruments and its affiliates may, through Internet connections established by the Software or otherwise, collect technical information related to Licensee's use of the Software, including but not limited to the serial numbers of Crystal Instruments' Products with which the Software is used, email addresses of users, and technical information relating to Licensee's computers, systems, application software, and peripherals. Licensee agrees that Crystal Instruments may use such information to facilitate the provision of Updates to the Software and product support, to improve Crystal Instruments' products and/or services, or to provide products or services to Licensee. Crystal Instruments will not, however, publish or disclose such information in a form that may personally identify Licensee or any individual user. If Licensee provides any suggestions or feedback to Crystal Instruments regarding the Products, Software or Documentation, Crystal Instruments will have the right to use the suggestions or feedback to improve its Products, Software or Documentation without compensation to Licensee.

9.   API License. If Licensee has ordered and paid for a license to Crystal Instruments' application programming interfaces ("*APIs*"), Crystal Instruments grants to Licensee a non-exclusive, non-transferable license (without rights to sublicense) during the term of Licensee's license to the Software, to access and use the APIs solely for the purpose of integrating Crystal Instruments' Products purchased by Licensee with Licensee's systems, to enable such systems to capture data generated by the use of the Products. Licensee acknowledges and agrees that Crystal Instruments retains the entire right, title and interest in and to the APIs and all intellectual property or proprietary rights thereto. Licensee acknowledge that the APIs are confidential information of Crystal Instruments. Licensee agrees not to, and not to direct or allow anyone else to (a) disassemble, reverse compile or reverse engineer the APIs, or otherwise attempt to discover any underlying scripts that support the APIs, (b) modify, or prepare

derivative works based on the APIs, (c) rent, lease, distribute, publish, host or disclose the APIs, or otherwise make the APIs available to any third party. Upon termination of Licensee's license to the Software, the license to the APIs shall immediately terminate, Licensee shall cease using the APIs, and Licensee shall return to Crystal Instruments or destroy all copies of the APIs.

10.   Disclaimer of Warranties. TO THE MAXIMUM EXTENT PERMITTED BY LAW, CRYSTAL INSTRUMENTS, FOR ITSELF AND ITS LICENSORS, DISCLAIMS ALL WARRANTIES, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, WITH RESPECT TO THE SOFTWARE AND DOCUMENTATION, INCLUDING ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, AND WARRANTIES THAT MAY ARISE OUT OF COURSE OF DEALING, COURSE OF PERFORMANCE, USAGE OR TRADE PRACTICE. CRYSTAL INSTRUMENTS DOES NOT WARRANT THAT USE OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE.

11.   Limitation of Liability. IN NO EVENT WILL CRYSTAL INSTRUMENTS OR ITS LICENSORS BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, EXEMPLARY, PUNITIVE OR CONSEQUENTIAL DAMAGES OF ANY NATURE RELATING TO OR ARISING OUT OF THIS AGREEMENT, THE SOFTWARE, OR THE DOCUMENTATION, INCLUDING BUT NOT LIMITED TO LOSS OF PROFITS, LOSS OF USE, LOSS OF GOODWILL, OR LOSS OF DATA, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. IN NO EVENT WILL CRYSTAL INSTRUMENTS' AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT, THE SOFTWARE, OR THE DOCUMENTATION, WHETHER BASED UPON WARRANTY, CONTRACT, TORT, OR OTHERWISE, EXCEED THE AMOUNT LICENSEE HAS PAID FOR THE LICENSE TO USE THE SOFTWARE THAT GAVE RISE TO THE CLAIM. THE LIMITATIONS OF LIABILITY AND WARRANTY DISCLAIMERS SET FORTH IN THIS AGREEMENT ARE FUNDAMENTAL ELEMENTS OF THE BASIS OF THE AGREEMENT BETWEEN LICENSEE AND CRYSTAL INSTRUMENTS AND SHALL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY REMEDY.

12.   Assignment. Licensee may not transfer, assign, sublicense, pledge, lease, rent, or share its license to the Software, or its other rights under this Agreement, to or with another person or entity, including by operation of law (collectively, an "*Assignment*"), without the prior written consent of Crystal Instruments, which Crystal Instruments shall have the right to grant or withhold in its sole discretion. Any attempted Assignment made without the prior written consent of Crystal Instruments will be void and will constitute a breach of this Agreement. For these purposes, an Assignment will be deemed to include, but not be limited to (a) a transfer or assignment to another person or entity, including in connection with the acquisition of all or substantially all of Licensee's assets, (b) a merger, consolidation or other business combination transaction of Licensee with or into another person or entity, and (c) the transfer of a majority of the outstanding equity interests of Licensee in a transaction or series of related transactions.

13.   Termination. Crystal Instruments may terminate the licenses granted under this Agreement upon notice to Licensee if Licensee violates this Agreement. Upon any termination of the license granted under this Agreement, Licensee must immediately discontinue use of the Software and Documentation, return (or at Crystal Instruments' option destroy) the Software and Documentation and all copies thereof and, if requested by Crystal Instruments, certify in writing as to such return or destruction. Fees paid for the Software license and Support are not refundable except to the extent otherwise provided in Section 5(b).

14.   Government Users. The Software and Documentation are "Commercial Items", as that term is defined at 48 C.F.R. §2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation", as such terms are used in 48 C.F.R. §12.212 or 48 C.F.R. §227.7202, as applicable. The Software and Documentation are being licensed to U.S. Government end users (a) only as Commercial Items and (b) with only those rights as are granted to all other end users pursuant to the terms and conditions herein.

15.   Export. The Crystal Instruments Products, Software and related technology may be subject to U.S. export control laws and may be subject to export or import regulations in other countries. Licensee agrees to comply fully with all such laws and regulations of the U.S. and other countries ("***Export Laws***") and to ensure that the Products and Software are not exported, directly or indirectly, in violation of Export Laws, either to any countries that are subject to U.S. export restrictions or to any end user who has been prohibited from participating in the U.S. export transactions by any federal agency of the U.S. government. Licensee agrees to indemnify and hold Crystal Instruments harmless from any and all claims, losses, liabilities, damages, fines, penalties, costs and expenses (including attorney's fees) arising from or relating to any breach by Licensee of this paragraph.

16.   Governing Law. This Agreement will be governed by the laws of the State of California, United States of America, without giving effect to any conflict of laws principles. The United Nations Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act shall not apply to this Agreement. Licensee and Crystal Instruments agree that any suit or proceeding arising out of or relating to this Agreement may be brought only in the state court of Santa Clara County, California, U.S.A., or the federal court of the Northern District of California, U.S.A., and they consent to the exclusive personal and subject matter jurisdiction and venue of those courts; provided, however, that nothing shall restrict Crystal Instruments from seeking relief to protect its intellectual property rights in any court of competent jurisdiction.

17.   General Provisions. This Agreement may not be amended except by a written instrument signed by both parties. No waiver of a breach or default shall be effective unless evidenced by a writing signed by Crystal Instruments. No waiver of a breach or default shall be deemed a waiver of any subsequent breach or default. This Agreement constitutes the entire understanding, agreement, and contract of the parties with respect to its subject matter and supersedes all prior agreements or understandings, written or oral, between the parties with respect thereto. If the application of any provision of this Agreement shall be held to be invalid or unenforceable by any court of competent jurisdiction, then (a) to the extent feasible, that provision will be reformed in a manner that makes it enforceable and which accomplishes the objectives of that provision as nearly as possible, and (b) the validity and enforceability of other provisions of this Agreement will not be affected or impaired thereby. Licensee agrees that this License Agreement will not be construed against Crystal Instruments by virtue of having drafted it.
